TANK MIX SHEET

LIFE SCIENTIFIC TRINEX

The following tank-mixes are supported for physical compatibility with LIFE SCIENTIFIC TRINEX at recommended rates of use and will mix in the sprayer tank.

No tests have been undertaken on crop safety or product performance; therefore, use is at user's own risk.

Life Scientific will support the physical compatibility of 2 or 3 way tank-mixes of LIFE SCIENTIFIC TRINEX + chlormequat (classed as one product) with any of the fungicides, herbicides, insecticides, PGR's or adjuvants listed below, except in the case of spring oats.

Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

Before using any tank-mixture, consult and comply with the recommendations of the partner products.

Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical.

PLEASE NOTE:

The following tank mixes are supported for physical compatibility with LIFE SCIENTIFIC TRINEX at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety. Provided that all product recommendations are adhered to LIFE SCIENTIFIC TRINEX may be applied in mixture with the following pesticides:

HERBICIDES

Agritox 500
Ally Max SX ³
